Belvest

Fall/Winter 2025-26

Belvest celebrates autumn and winter with a collection inspired by the vibrant colours of these two seasons: from the warm tones of autumn landscapes reflected in the leaves falling from the trees to the infinite shades of the coldest winter days, when frost freezes everything and imprints it on nature and time. These are the elements that inspired Belvest to create a collection that exalts the style and quality of Italian tailoring.

The Autumn/Winter 2025-26 collection captures the poetic colours of autumn leaves, such as the brown of yak hair, the freshness of antique pink, and the enveloping burnt orange, evoking a sense of softness and warmth. It also embraces the simpler, minimalist shades, like the natural tones of pure wool in the finest Super 180s quality or the most luxurious cashmere.

This collection impresses with the variety and quality of the designs: from the brand new, completely deconstructed JACKETINTHEBOX® coat with its modern, comfortable fit, to the new blazers enhanced with classic details like bellows pockets or martingales, to the formal and elegant coats made with the finest fabrics. Iconic Belvest pieces, such as the timeless Natural Soft jacket with its unmatched fit and the CEO suits, which gently drape the most sought-after fabrics over the wearer's silhouette, making it impeccable, are also part of the collection.

Sweaters, ties, and shirts add a touch of style and sophistication to the ensemble. The sweaters, crafted from fine wool and cashmere yarns, are available in various weaves and patterns. The ties, available in silk, wool, or cashmere, feature geometric patterns and stripes that complement the cotton and cashmere jersey shirts, which come in a range of colours including dark green, white, and chocolate brown. These accessories are perfect for creating elegant and sophisticated outfits, enhancing the personality and taste of the wearer.

Each garment is crafted with the utmost care and attention to detail: a hallmark of craftsmanship excellence that only Belvest can offer.
